UTVs, ATVs,
motorcycles, scooters,
snowmobiles, and
personal watercraft.**

THEFT PROTECTION

COMMITMENT WHEN IT COUNTS

In the United States, where over a million thefts are reported annually, recovery rates are low, and damages can be costly due to high insurance deductibles. Ampli-Fi's Theft Protection offers an effective solution with significant financial benefits, providing crucial support when it matters most.

FINANCIAL BENEFITS

Cash Benefit:

- Use for buying or leasing a replacement motorcycle or powersports vehicle
- Cover your deductible
- Manage other related expenses

Down Payment Assistance:

- Additional benefit for down payment on a replacement vehicle when returning to your dealership

DNA PROTECTION SOLUTIONS

- A unique DNA trace tracking number is chemically etched into several hidden, strategic locations on and around your vehicle.
- Warning labels inform potential thieves that your vehicle is marked, deterring theft.
- If the vehicle is stolen, the DNA system enables faster identification and notification.
